Subsections may also be directly accessed by clicking on the subtitle text within drop-down menus that appear when you move your mouse pointer over the main topic area titles.

Publications on Public Health & Environmental Quality Protection Aspects of Landfills & Solid and Hazardous Waste Management

To view or download paper a paper, click on its "View" button. Papers with an "Add" button are available at no cost through our online request system. Click on the "Add" button to select the paper, then follow directions to complete the email request process.

Please note: Due to webhosting changes, some links shown within some reports and papers listed below may no longer be active. If you have difficulties with a particular link, please email Dr. Lee and note the reference; he will provide you with the updated link.

Background Information on Landfills

Guidance for Evaluating the Potential Environmental Quality Impacts of a Landfill

You may need to open Adobe Reader
before viewing PDF files

Publications are available in the following areas:

Overall Problems with "Dry Tomb" Landfills

Permitting of Landfills

MSW 3 Rs

Fermentation/Leaching "Wet Cell" Landfills

Landfill Failure Issues

Landfill Mining

Groundwater Pollution by Leachate

NIMBY Issues

Groundwater Monitoring

Examples of Specific Landfill Studies

Landfills - Solid and Hazardous Waste

Overall Problems with "Dry Tomb" Landfills
